I Will Need

Learning Intention:

I am learning to identify and use contractions.

A Good Idea

Contractions are two words that are shortened to make one, using an apostrophe. eg here is = here's

1. Match these contractions from your story with the two words they are made from.

that's

I'm

you've

I'll

I will

you have

that is

I am

2. Expand these contractions by writing the two words that are joined together to form them.

★ They'll _____

★ I've _____
